Project Title: Marilyn Monroe Website

My website will capture the life of Marilyn Monroe. I would like to have a few pages available with lots of imagery and information in each section. I'd rather that the page navigation wasn't your average bar at the top of the screen, so I will need to research alternative methods. I wouldn't mind incorporating videos if possible.

- **Overview of her life and influence on the world**
- **Childhood**
- **Career progression**
- **Personal life/divorce and mental health**
- **Death**
- **Sources** – this page will just list sources, including the Wikipedia page, as well as other sources for photography, and any other credits that need to be provided.
